Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions. Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

Implement a system where consumers can sign up to receive email alerts in case of product recalls

Develop labels that change color when a product has been exposed to temperatures outside of the safe range. This can help consumers identify potential food safety issues.

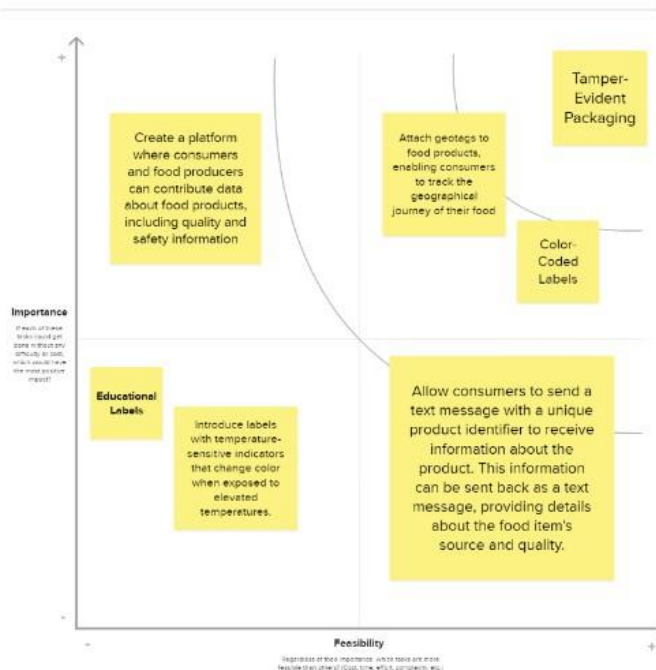

Attach geotags to food products, enabling consumers to track the geographical journey of their food

Develop regional maps that show consumers where local food products are available. These maps can be available on websites or in mobile apps to encourage the purchase of locally sourced items.
